## PART – A GENERAL ENGLISH

## (Marks: 25)

## Read the following passage and answer the questions 1 to 5.

In Spring season, polar bear mothers emerge from the dens with three-month old cubs. The mother bear has fasted for as long as eight months but that does not stop the young from demanding full access to her remaining reserves. If there are triplets, the most persistent stands to gain an extra meal and it may have the meal at the expense of others. The smallest of the little forfeits many meals to stronger siblings. Females are protective of their cubs but tend to ignore family rivalry over food. In 21 years of photographing polar bears, I've only once seen the smallest of triplets survive till Autumn.

- 1. The polar bear mother's sacrificing instinct lies in-
  - (1) Her emergence from the den with three month-old cubs.
  - (2) Her fasting for as long as eight months.
  - (3) Her rearing up multiple cubs with a protective instinct.
  - (4) Her giving full access to the cubs in spite of long fasting.
- 2. What does the mother bear do when the cubs fight for food?
  - (1) It protects the younger cubs.
  - (2) It ignores their rivalry.
    - (3) It gives full access to the cubs for food.
    - (4) It tries to gain an extra meal.
- 3. The 'family rivalry' refers to :
  - (1) The quarrel among the mothers of the cub family.
  - (2) The battle for survival among the cubs.
  - (3) The cubs' demand for food from the mother.
  - (4) The competition between the stronger and the weaker cubs.
- 4. Where is the notion of 'survival of the fittest' seen in the passage?
  - (1) In the hungry mother feeding the young cubs.
  - (2) In the smaller cubs giving up many meals for bigger ones.
  - (3) In the smallest of the cubs finding herself unequal in the race for food.
  - (4) In the stronger cubs sharing food with the weaker ones.
- 5. What is the rarest thing that the author has seen in his life?
  - (1) The smallest of triplets surviving till Autumn.
    - (2) The mother bear fasting for as long as eight months.
    - (3) Some having the meal at the expense of others.
    - (4) The smallest of the little ones forfeiting many meals.

[P.T.O.

In the following questions (6-8) sentences have been divided into six parts. The first and last parts are numbered 1 and 6 and the remaining four parts are named P, Q, R and S. Rearrange the parts P, Q, R and S to form meaningful sentences.

- 6. (1) The court said there can be
  - P under anti-terror laws or normal criminal laws
  - Q no distinction between people convicted
  - R for commutation of death sentence
  - S on the grounds of unreasonable delay
  - (6) in deciding the mercy petition by the President.
  - (1) PQRS
  - (3) QRPS

(2) QPRS

(4) PRQS

- 7. (1) Earlier, Holi was taken
  - P games, however studies have
  - Q not only detrimental to the human body
  - R in the spirit of fun and
  - S indicated that these colours are
  - (6) but also for the soil and water.
  - (1) QPRS
  - (3) RPSQ

- (2) PQRS(4) SPQR
- 8. (1) A Japanese research institute said
  - P a revolutionary way to create stem cells
  - Q was faulty, dealing a huge blow to
  - R should be quashed after claims that its data
  - S that a study which promised
  - (6) what was touted as a game changing discovery.
  - (1) SRPQ (2) QPRS
  - (3) RPQS (4) SPRQ

	Choose the approp		ght O' clock this mornin	σ.
		ioning to cat since erg		
	(1) are having
