NOTIFICATION FOR HIRING

The Tamil Nadu Technology Hub (iTNT Hub) is a Section 8 company being established under the Companies Act, 2013 by the Government of Tamil Nadu. It is India's first emerging and deeptech innovation network and works with entrepreneurs, innovators, researchers and the industry, with the support of the government, to spur innovation and create a positive impact on the world – in the process elevating the Innovation index of the state (and country).

The institution is being funded by the Government of India along with the Govt of Tamil Nadu and prominent Industry Players. Its board will be driven those from the industry. As of now, the Institute (even before launch) has close to 18 partnerships with educational institutions, 10 private sector companies, and several key international ecosystems. Therefore, all candidates will get world class experience in shaping technology leadership of Tamil Nadu and India and participate in an exciting journey.

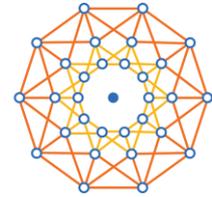

iTNT Hub has a culture of Excellence, Strong Ethics, Open mindedness and a Zero Tolerance policy towards harassment, poor work ethics or attitudes.

This is a call for applications for various posts that are open for **iTNT Hub**. Please keep an eye on our website www.tnthub.org for future openings and updates.

General Conditions of Positions

- All of the positions are based out of Chennai on a contract basis.
- All positions come with a contract period of 1 year (probation) plus 2 years extension on successful completion of probation.
- The candidates are required to join as soon as possible so preference will be given to those who can join early.

The salaries offered will be commensurate to market rates and in accordance with previous salary drawn, experience and fit to the job requirements. The following positions are open for recruitment:

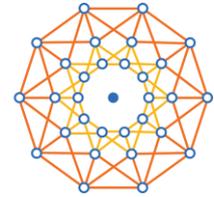

Chief Executive Officer (CEO)

<p>Broad Job Description</p>	<p>As the CEO of the Organization, you are in charge of setting the vision of the organization and rallying people, mobilizing resources and executing through the strength of the managers. You are also in charge of ensuring that the demands and inputs by the Board and the various Executive Councils are appropriately effected within the Organization.</p> <p>The CEO would be someone who has range – can think far into the future, but also grounded in the details needed to execute the outcomes for today.
