Information for Applicants

Introduction

IIIT Bhubaneswar owes its origins to the initiative of the Government Odisha. It is a result of the desire of the Government to establish a world class institute of Information Technology in the state. The Institute has been registered as a society in Nov 2006. In January 2014, the Institute is converted to a University by the
Government of Odisha. The Governance structure of the Institute is modelled after those of the IITs. The Governor of the state is the Chancellor of the Institute. The Board of Governors has members from Odisha Legislative Assembly, Government of Odisha, Leaders from the IT industry and Eminent educationists. Currently, the Chairman of the Institute is the Chief Secretary of the Government of Odisha. The Director is the Executive Head of the Institute. The Director is assisted by the Registrar, the Deans, the Controller of examinations and the Comptroller of finance in day-to-day management of the Institute The Institute has its focus on quality and rigorous education, quality resource, academic infrastructure, technology and innovation.

These initiatives have helped IIIT-Bhubaneswar achieve pre-eminence in India and beyond. The mission of IIIT is to be a knowledge seeking Institution of higher learning that will educate students in technology and other disciplines of scholarship. The Institute will work closely with the Industry and other users of the technology to develop and deliver technological solutions to enhance their competitive position. The Institute is committed to the entire value chain of knowledge creation, diffusion and preservation to meet the challenges of the century. The Institute will borrow best practices in education delivery systems, research and consulting practices. Leveraging technology to bring about next generation of practices will be a key to this strategy. The Institute is dedicated to creating a community of students, faculty and scholars with passion for learning, creativity, innovation in all aspects of academic pursuit. The Institute will cultivate values of Honesty and transparency, Respect for the Individual, Commitment to quality and high standards, passion for performance and sensitivity to social and ethical issues.
The Institute provides an ideal environment for its employees to learn new technologies and apply the same projects being carried out for e-governance and
other consulting assignments.
